

CURRICULUM VITAE

Andrea R. Sherwood, Ph.D., ABPP-CN

Access Neuropsychology, LLC

3400 Constitution Ave. NE, Suite C, Albuquerque, NM 87106

Phone: 505-401-4992, Fax: 855-702-2520, Email: andrea.sherwood@accessneuropsych.com

EDUCATION

- 2004 University of New Mexico, Department of Psychology
Doctor of Philosophy in Clinical Psychology (major) and Development (minor)
Dissertation Title: Neuropsychological test performance among Navajo Native Americans: A normative sample
Master's Thesis Title: Neurocognitive and Symptom Correlates of Social Functioning in Schizophrenia
- 2004-2005 University of New Mexico, Health Sciences Center, Department of Psychiatry
Post-Doctoral Fellowship in Pediatric Neuropsychology
- 2003-2004 University of New Mexico, Health Sciences Center, Department of Psychiatry
Pre-Doctoral Internship in Clinical Child Psychology, Pediatric Neuropsychology Track
- 1994 Wellesley College
Bachelor of Art in Cognitive Science (major) and Math (minor), Cum Laude Honors

LICENSURE AND BOARD CERTIFICATION

- 2005 Licensed Psychologist in New Mexico: License# 0929
2015 American Board of Professional Psychology – Specialty in Clinical Neuropsychology: Certification #7894

PROFESSIONAL MEMBERSHIPS

American Psychological Association (APA)
New Mexico Psychological Association (NMPA)
American Academy of Clinical Neuropsychology (AACN)
International Neuropsychological Society (INS)

EMPLOYMENT

- March 2021 – present **Clinical Neuropsychologist/Owner**
Access Neuropsychology, LLC, Albuquerque, NM
Clinical neuropsychology consultation, assessment, and treatment services for children and youth ages 4-22 years old.
- March 2015 – March 2020 **Clinical Director, Clinical Neuropsychologist, Associate Professor**
Center for Neuropsychological Services, Department of Psychiatry & Behavioral Sciences, University of New Mexico
Clinic administration, program development, academic research, clinical supervision and training, and neuropsychological assessment of children,

adolescents and adults. Clinic administration included management of neuropsychology clinicians and staff and the development and maintenance of hospital policies and procedures. Program development included pediatric neuropsychology services at San Felipe Pueblo, UNM Children's Psychiatric Hospital and UNM Carrie Tingley Hospital, telemedicine pediatric neuropsychology services for rural residents in Taos, NM, and functional MRI service at UNM Sandoval Regional Medical Center. Research included pediatric neuropsychology outcomes. Clinical supervision and training included development of a cultural neuropsychology program, presentations, and participation in medical rounds and case conferences in neuropsychology, pediatric neurology, and psychiatry at UNM Health Sciences Center.

August 2005 – March 2015

**Clinical Neuropsychologist, Assistant Professor
Center for Neuropsychological Services, Department of Psychiatry &
Behavioral Sciences, University of New Mexico**

Neuropsychological assessment of children, adolescents and adults at the UNM Health Sciences Center, including assessments with non-English speaking clients using an interpreter. Clinical supervision of Post-Doctoral Fellows and Interns in our APA accredited training site. Participation in weekly Case Conference series and Department Grand Rounds.

RESEARCH

November 2016 – March 2020

Co-Principal Investigator, Center for Neuropsychological Services, Department of Psychiatry and Behavioral Sciences, University of New Mexico
Topic: Outcomes in pediatric neuropsychology patients

July 1999 – August 2006

Neuropsychological Consultant, Alcohol and Drug Abuse Research Center, McLean Hospital, Harvard Medical School
Topic: Neuropsychological effects of Methylenedioxymethamphetamine (MDMA) use by young adults and peyote use by Navajo adults

August 1999 – July 2001

Research Assistant, General Medical Research Service, Veterans Administration Medical Center in Albuquerque, NM
Topic: Neuropsychological functioning in schizophrenia and the relationship to neuroimaging results

September 1997 - June 1999

Research Assistant, Department of Psychology, University of New Mexico
Topic: Neuropsychological functioning in schizophrenia and the relationship to symptom presentation and social functioning

September 1994 – Sept. 1997

Clinical Research Technician, Neuropsychology Lab, Brain Imaging Center, & Cognitive Neuroscience Lab, McLean Hospital, Harvard Medical School
Topic: Neuropsychological functioning in schizophrenia and bipolar disorder and the relationship to neuroimaging results
